

Read Governor Sanwo-Olu's letter to residents as two more Covid-19 patients recover in Lagos

Dear Lagosians,

I have more great news for you from our Infectious Disease Hospital, Yaba. Today, two more female patients have recovered fully and have tested negative to **#COVID19** twice consecutively. They have been discharged from the facility.

With the newly discharged patients, we now have a total of 31 people that have fully recovered from **#COVID19** in Lagos and discharged to join the community.

We are full of appreciation to the front-line health workers, working hard during this difficult time.

Their successful strides in this war against **#COVID19** brings us joy and hope. I therefore enjoin citizens to continue to listen and obey health advisories issued by our health experts as they coordinate resources to beat **#COVID19**.

I have no doubt whatsoever that we have the upper hand in this war. We are winning and we will eventually win.

#StayHome

#StaySafe

#SaveLives

-Babajide Olusola Sanwo-Olu

Executive Governor,

Lagos State.
